		Note: Your Conceptual Integrated Science (CIS) course at Conceptual Academy can work with any textbook edition. However, this second-year planner is specific to the third edition textbook, CIS3e.
		After purchasing your CIS Conceptual Academy course, sign into your student profile page.
		If not already familiar with the Conceptual Academy interface, watch the "Tiger Video" upon signing into your account.
		Carefully review the first "FYI" page of Unit C and download documents from the Doc Share
		We recommend a pocket microscope, such as the LED Lighted Pocket Microscope (60x - 120x) from Arbor Scientific. Item # C1-4012, \$17
		Biology lab activities are included within this course. However, we also recommend the intro biology kit from eScience Labs (Kit 1399), \$107
		Obtain a composition book (field journal) into which you can record your observations and answers to questions.
